

RECENT OSPREY ABSTRACTS

- **Su, H, Jack, M, McIntosh, LM, Perdomo, L, Choy, BSF, Finck, BK and McDonald JR. (2009)** GMP production and characterization of a fusion protein comprised of the chemokine CCL2-ligand genetically fused to a mutated and truncated form of the shiga A1 subunit. *PEGS Summit CHI, Boston, MA (April, 2009)*. Accepted
http://www.ospreypharma.com/images/fusion_protein.pdf
- **McDonald, J.R., McIntosh, L.M., Roberge, M., Su, H. and Finck, B.K. (2009)** Receptor binding, internalization and cytotoxicity of a CCR2 targeting fusion protein. *Fed. Clin. Immunol. (SUPPL) S85*
http://www.ospreypharma.com/images/Abstract_McDonald%20JR_etal_2009.pdf
- **McDonald, J.R., McIntosh, L.M., Su, H., and Finck, B.K., (2009)** The mechanism of action (MOA) of a CCR2 targeting fusion protein. *Inflamm Res 58 (Suppl 2): S206*
http://www.ospreypharma.com/abstracts/Abstract_McDonald_et_al_2009_MOAof_a_CCR2_targeting_fusion_protein.pdf
- **Agrawal, S., Johnson, T., Silva, C., McDonald, J., McIntosh, L., Coggins, P. and Yong, V. W. (2008)** Evaluation of a leukocyte population modulator(LPM), OPL-CCL2-LPM, in experimental autoimmune encephalomyelitis (EAE). *Neurology 70 (Suppl 1), A411*
http://www.ospreypharmaceuticals.com/abstracts/Agrawal_et_al_2008_Evaluation_of_leukocyte_population_modulator_LPM.pdf
- **McIntosh, L.M., Barnes, J.L. Su H. and McDonald J.R. (2007)** Chemokine targeted macrophage depletion ameliorates experimental mesangioproliferative glomerulonephritis. *J. Am. Soc. Nephrol. 18: 77A*
